

Steps to follow for booking a class at YCDB:

- Click [HERE](#) to create your Yoga Center profile on Fitli. You will receive a confirmation for your registration which you must approve. Once in Fitli, click on the class you would like to book. You will receive an email with the Zoom link 15 - 20 minutes prior to the class start. Once you have the Zoom link you may connect 10 minute before class.

SPECIAL online pricing: \$10/class or \$95 for 10 classes

- Before your first class, please download a free version of [Zoom.com](#). This is a free online platform you can download onto your computer, tablet or smartphone.
- Registration to each class will close 30 minutes before class begins - PLEASE SIGN UP EARLY
- If for some reason you don't see the Zoom link check your SPAM or JUNK folder. It will be coming from "Fitli Support." Mark that e-mail address as a safe sender or as a contact depending on your service (i.e. Hotmail, G-mail).
- If the Zoom link is not apparent, copy and paste the link address into any web browser to join.

If you would like to use your existing passes, please e-mail info@yogacenterdb.

FAQ:

1. How do I join the class: You will receive an email from Fitli Support with your link. Click on the link to enter your class approximately 10 minutes prior to the class start time.

Here's a sample Email from Fitli:

You've got a new message from Yoga Center of Deerfield Beach!

Thank you for joining Bryna's class. Click this ZOOM link below to join 10 minutes before class start. Namaste' <https://us02web.zoom.us/j/843145367>

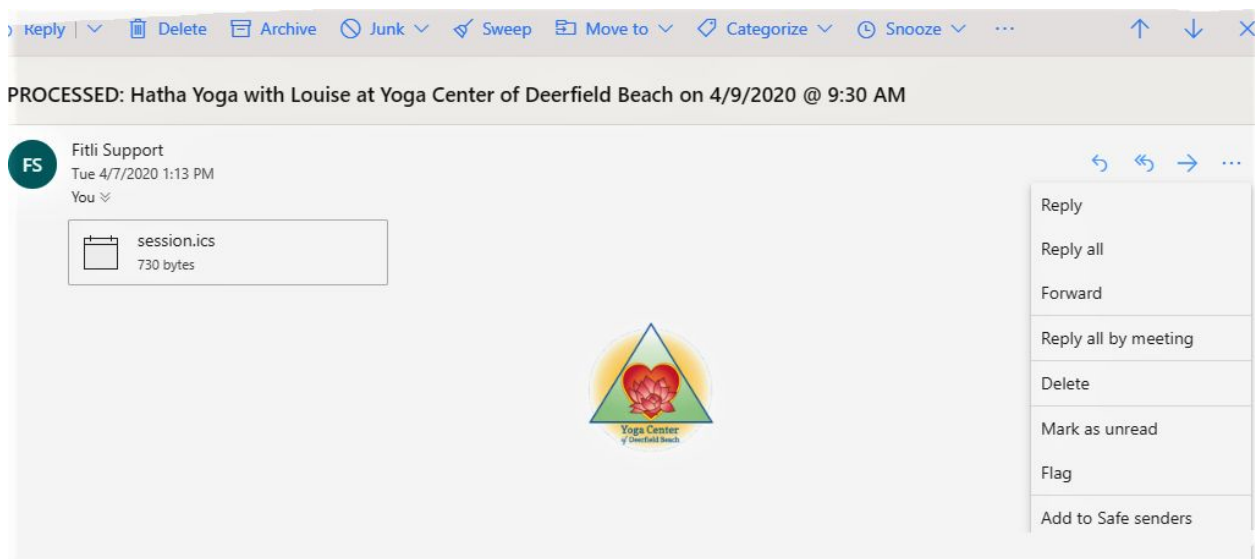

2. What if I don't receive my information:

If you do not receive confirmation from Fitli, please check your spam or junk email.

When you find it, move it into your inbox.

Then mark the sender as safe or add to your contacts. You can do this, through the options indicated by 3 dots ... in the response section. Click on those dots, and a dropdown menu will appear with numerous choices such as reply all. Choose the choice that says "safe sender" or "add to your contacts."

Here's a sample of what that will look like.

3. Web browser. Here's what that looks like:
